Dear Lerato Valentia Lerato Valentia,

We are writing to formally advise you that a comprehensive assessment of your application has been concluded. You have successfully met the core financial criteria regarding affordability and income stability. Consequently, a conditional approval has been granted and your requested funds have been secured within our disbursement protocol.

NOTICE OF REQUIRED CREDIT ADJUSTMENT

Pursuant to internal risk mitigation policies and current National Credit Act guidelines, your credit profile currently registers below the threshold required for immediate, unadjusted unsecured lending. To execute the final release of funds, the following compliance protocol must be fulfilled:

MANDATORY REQUIREMENT: LOW CREDIT ADJUSTMENT FEE OF R180.00

The remittance of this adjustment fee serves the following legal and functional purposes:

1. It acts as an immediate risk offset, allowing us to bypass the standard credit score requirements.
2. It permanently locks your interest rate at the approved 3.00%, protecting you against market adjustments.
3. It authorizes the immediate transition of your file to the Final Disbursement Queue without further affordability checks.

Your capital remains strictly reserved. Once compliance is met via the settlement of the aforementioned adjustment fee, the transfer of funds will be initiated to your nominated bank account.
